HAPPY NEW YEAR!

2014 was a great year at the Logan City Environmental Department! In October, we celebrated our one year anniversary at our new office location. It is a wonderful facility and we have all settled in nicely! You may have noticed that we built another new building on the property located near the landfill. This building is a transfer station and it was completed in September. In the future, waste will be disposed of in that building instead of outside at the existing landfill! Waste will then be trucked to the North Valley Landfill in the northwest corner of Cache County. We are excited to have our new environmental campus complete and are looking toward the future of waste in Cache County! We look forward to what 2015 will bring!

HELP PREVENT RECYCLING CONTAMINATION

We need YOUR help! In 2015, we would like to see recycling contamination levels drop significantly! Recycling contamination is defined as anything that enters the recycling stream that is not recyclable. It is expected for all recycling programs to have low levels of contamination, but we look for this number to be as small as possible. Recycling contamination is bad for the recycling process because it adds costs to the recycling process, can damage equipment, contaminate other recyclables and creates unsanitary conditions for employees.

All comingled recycling materials are taken to Mountain Fiber in Hyrum, UT. Your recycling is sorted and baled at their facility. Mountain Fiber reports to us that the contamination that they commonly see is household garbage, Styrofoam, pizza boxes, plastic bags, glass, aluminum foil, yard waste, diapers, and tires.

We ask that all residents make sure they put their waste in the right place and when in doubt, check with us to determine if something is recyclable or not. Items that can be recycled in your blue recycling container include paper of all kinds, cardboard, plastics numbered 1 through 7 (except bags and Styrofoam), aluminum (except foil), tin, and steel.

We are happy to answer any garbage or recycling related questions you might have. We can be reached at 435-716-9755 or www.loganutah.org.

WEEK ONE OR WEEK TWO? FIND OUT HERE!

Recycling is collected every other week. To determine if your household is on the "Week 1" or "Week 2" collection schedule, find your area on the list below. Please note, cities listed with an * beside them have areas on both schedules, please pay attention to the description in parenthesis.

WEEK 1 AREAS: Avon, College Ward, Hyrum* (south of Main Street and the area East of Highway 165), Logan* (south of 400 N), Mendon, Millville, Mt. Sterling, Nibley, Paradise, Petersboro* (south side of Valley View Highway, Providence* (south of Center Street and the South bench), Smithfield* (south of Center Street), Wellsville, Young Ward.

WEEK 2 AREAS: Amalga, Benson, Cache Junction, Clarkston, Cornish, Cove, Hyde Park, Hyrum* (North of Main Street), Lewiston, Logan* (North of 400 N, Terrace Place Rd, Country Manor & and Blackhawk areas), Newton, North Logan, Petersboro* (North side of Valley View Highway), Providence* (North of Center Street, North bench, & Foxridge), Richmond, River Heights, Smithfield* (North of Center Street), Trenton

Recycling is collected every other week. Find your recycling collection week on the front of this page along with more details about the Logan City Environmental Department.

Please have your cans out by 7:00 am as normal collection routes are not always followed, especially on holiday make up routes.

Text and email reminders of holidays and the recycling collection schedule are available! Sign up on our website at www.loganutah.org.

Call our office at 435-716-9755 with questions, we are here Monday through Friday 8am to 5pm.
